

UPDATE: PLEASE SHARE

Unfortunately, the state legislatures will most likely fail at their attempts to reclaim their electoral power. But this is known and expected.

Why pursue it then, along with these hearings?

Because those still sleeping or plugged into the tv, along with these legislatures need to know the truth being kept from them – PUBLICLY.

The Trump legal team, along with Sidney Powell and the white hats all know that these legal issues will end up in front of SCOTUS [The Supreme Court]. They are using this time now in the lower courts to build their cases and spread the information (as much of it as they can) far and wide.

ALL people and the state legislatures MUST BE on board when the real hammer drops after SCOTUS rules in favor of Trump [which will happen in the coming days/weeks].

The George Soros bunch, along with the MSM, will cry bloody murder when the SCOTUS ruling drops. They will not accept it. They will blame new justice Amy Coney Barrett and refuse to concede.

The riots will start again. The fires, the looting, the violence. The deep state actors will have their losers [Black Lives Matter, Antifa, etc.] thoroughly convinced the election was stolen by Trump and that they need to remove him by force. The others, mercenaries, will be paid to manage “run” riots.

The White House will be surrounded. Tensions will rise until the hoards overrun the White House grounds and attempt to remove President Trump, who will be absent. He will already be aboard Air Force One.

It is around this time we will get the message via Twitter: "My fellow Americans, the Storm is upon us." and the Insurrection Act will be invoked.

The military, under US Marines Command and federalized National Guard will restore order to the streets, and will conduct all investigations into the fraud.

All of the evidence being collected now [and over the years] and being displayed for all to see in these hearings will be turned over to the US Military. ALL EVIDENCE WILL BE CLASSIFIED AS MILITARY INTELLIGENCE.

Treason will be declared, the 200,000+ sealed indictments will be served – then the arrests & perp walks will be announced and shown on tv, including “some” of those you may have heard about up to this point.

If you don't think POTUS has these authorities under the Insurrection Act, read it.

So we're just waiting on the SCOTUS rulings and the invocation of the Insurrection Act. That's what all this is leading up to. POTUS and white hats had to show the people the truth and that all options to correct the fraud had been expended before invoking the Act, however.

After Trump is successfully declared POTUS, the current investigations regarding the Clinton, Bush, Obama & Biden Families & administrations [laptops, servers, epstein island, pedophile-rings, crimes against children & humanity, occult activity] will be made public.

The results of the tribunals that are under way at Joint Base Guantanamo Bay, Cuba will be made public [except for those who got deals and flipped on others in exchange for lesser sentences]. ALL convicted of Seditious Treason, pedovours & cannibals are already dead. Their fans will lose their minds.

Justice will be served. Sadly, the Crimes Against Children will unite humanity. We will enjoy 1,000 years of peace.

Be patient, pray, spend as much time with family as you can - and be ready for anything.
